LEARN MORE ABOUT THE SINGHEALTH DOT PROGRAMME

Under the care of our specialists, your condition will be effectively managed and controlled.

After your condition has stabilised, our Right-Siting Officers from the SingHealth DOT Programme will discuss your transition to a participating GP located close to your home to continue fulfilling your healthcare needs.

WHY SHOULD YOUR CARE BE TRANSFERRED TO A GP?

Saves time waiting for consultation at the hospital's specialist outpatient clinic

Increased convenience and affordable screening mammograms at preferred polyclinics (e.g., reduced travelling time, lower transport cost and cheaper mammograms)

Increased convenience with the option to visit a GP near your home (e.g., reduced travelling time and lower transport cost)

Greater flexibility when making appointments

At SingHealth, we aim to provide you with quality care and a seamless, coordinated transition to your GP through our DOT Right-Siting Programme.
