

INTRODUCTION TO CHEMOTHERAPY FOR NEW PATIENTS VIA ZOOM GROUP SESSION

A 40 mins virtual introductory education session on chemotherapy, with a question and answer segment, will be conducted via Zoom, an online video conferencing platform.

New patients and their caregivers or family members can participate in this session to understand how to prepare and what to expect at the upcoming chemotherapy appointment.

This education session is conducted in English only.

**FOR ENQUIRIES, PLEASE CALL
NCCS AT 6436 8000.**

1

A Zoom meeting invite will be sent to you via SMS.

2

Please log in to the education session with your full name 5-10 mins before the appointment time. If you are unable to log in 5 mins after the education session has commenced, please contact NCCS Appointment Centre at 6436 8088 to re-schedule for another appointment.

3

It is important that you watch a 13-min pre-chemotherapy education video prior to the virtual introductory session to help you understand chemotherapy, its side effects and management. Scan the QR code below or click [here](#) to watch the video.
